Attachments: RFQ F6-308 TD Low Level PCB Contaminated Soil and Debris 10-22-18 1PM ET.pdf

Good morning, Eric.

I'm going to send you the following for your firm to fill out and return:

- RFQ that was issued for T&D of the soils and debris at the Doyle site; just fill out the portion of the bid form relating to transportation of wastes – Bid Items 3.0 and 4.0 - (page 8 and 9) and return to me;
- Review the vendor profile and fill out and return the representations and certifications sections (required for federal subcontracts in excess of \$10,000.00);
- Provide us a certificate of insurance naming Environmental Restoration, LLC (ER) and USEPA Region 6 as additionally insured;
- Fill out and return a W-9 with your federal ID number;
- Please specify the number of trucks you could supply; please note the days and hours per week we intend on shipping;

Once you can get this back to us, we'll begin preparing a purchase order for Capstone Logistics. Our terms are net 60 days.

After reviewing your quote, it might be advisable to include the 2019 surcharge in your pricing on the bid form. I believe it referenced a 5% upcharge. Also, please detail the current DOT surcharges being used for cost comparison purposes.

Also, please include pricing to transport wastes to the Republic Services Maloy Landfill – 2811 FM 1568 – Campbell, Texas. It is likely we'll haul the C&D debris to this facility and possibly the non-hazardous soils as well.

I'll be in Leonard this coming Monday and would like to meet with your folks about the job, if possible.

Let me know if you have any questions/comments.

Regards,

Don

Hello Don,

I have sent the email to both emails. I mistakenly entered the wrong email.

Respectfully,

Eric Philpot
CEO
